Our journey so far

CXO Genie Mastermind Series

The "CXO Genie Mastermind Summit" is a gathering of accomplished CXOs representing diverse set of corporates. The Summit brings together the game changers from different disciplines to share their ideas and expertise with the keynote speakers and their peers through panel discussions and round table strategy meets. Along with domain specialist speakers, the conference also hosts motivational and iconic speakers, who share their insights into thought-provoking, topical issues, inspiring the audience to take meaningful action in the right direction.

“ Key Takeaways: Contribute back to society before it is too late. We are lucky and blessed. There are lots of people who need help. God has given this opportunity. Do not miss it. ”
S.G. Murali, Executive VP, TVS Motors

“ I like the format & a special thanks for managing time as per schedule. ”
Monaz Noble | CFO, Novartis

Our other Signature Events

Masterclass - Webinars

Masterclass is a series of webinars on the most discussed topics on the CFO Genie platform. Subject matter experts on the specific topic are invited to conduct learning and mentorship sessions where they deliver powerful content, have insightful discussions and tailored learning opportunities. These sessions are also open to the teams of our members.

MasterConnect Meets

We also host quarterly roundtables in 6 identified cities including Pune, Chennai, Hyderabad, apart from Delhi, Bangalore and Mumbai. These meets serve as unparalleled opportunities for our members to collaborate with each other by exchanging ideas, share experiences and insights to develop partnerships and grow together.
